## Why Choose a Nespresso Capsule Solution?

- Allows for a better preservation of the coffee.
- Offers a consistent high quality.
- Reduces waste.
- Paves the way for a sustainable approach.
- Offers a recycling program that gives a second life to both aluminum and coffee grounds.

## Nespresso's Sustainability Program : Positive Cup

### Coffee

Expand our value proposition to rare origins and pursue innovative solutions to better livelihoods for farmers.

### Aluminium

Continue to increase our recycling rate and unlock the circular use of aluminium.

### Climate

Continue to reduce the carbon footprint of a cup of **Nespresso** by 28%.
